THE STARLIGHT

SWOODA movo

At the heart of THE STARLIGHT is a collaboration between SWOODA and **movo**, built on a shared belief in purposeful design, responsible material choices and lasting value.

Combining SWOODA expertise in sustainable design and material exploration with **movo** award-winning approach to multifunctional workstations, THE STARLIGHT brings together material innovation and everyday functionality.

Designed and produced in Europe, THE STARLIGHT combines European manufacturing standards, considered material choices and functional versatility.

More than a single-purpose piece of furniture, it is designed for more than one function, more than one environment and more than one life.

Designed to do more with less, THE STARLIGHT seamlessly transitions from a functional workstation into an elegant console, adapting to changing needs throughout the day.

Its intuitive handling and easy repositioning, combined with a construction that balances stability, durability and visual lightness, make it a versatile addition to any space.

The distinctive speckled finish of SMILE PLASTICS Heron Duo adds visual character while giving discarded materials a new life through functional design.

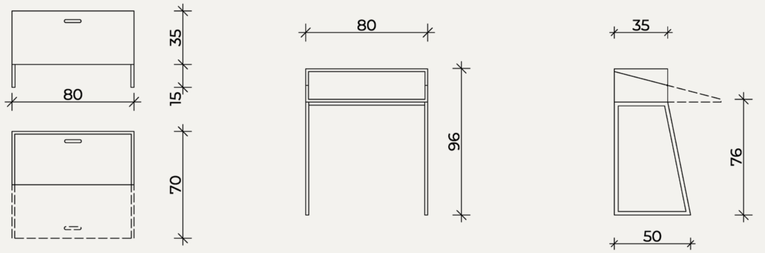

Developed in collaboration with SWOODA, THE STARLIGHT brings together **movo's** award-winning design, adaptable functionality and sustainable innovation.

Product no.	700.5
Model	THE STARLIGHT
Materials	SMILE PLASTICS 20mm // Decor: Heron Duo Powdercoated pipes // Colour: Beige Grey
Dimensions (opened)	W800 D700 H960 mm
Dimensions (closed)	W800 D500 H960 mm
Product weight (netto)	23.5 kg
Packaging type	FLATPACK // Recycled cardboard box
Packaging dimension	W900 D600 H380 mm
Product weight (brutto)	31 kg
Warranty	2 years
